

Curved Sofas

Manufactured in Australia for Australian Architecture

Mark Alexander's furniture and manufacturing background gives him the flexibility to change and adapt every sofa design to suit the client, their home and their lifestyle. Every single sofa is unique and tailored personally to suit with custom dimensions, seat heights, seat depths and more to achieve perfection.

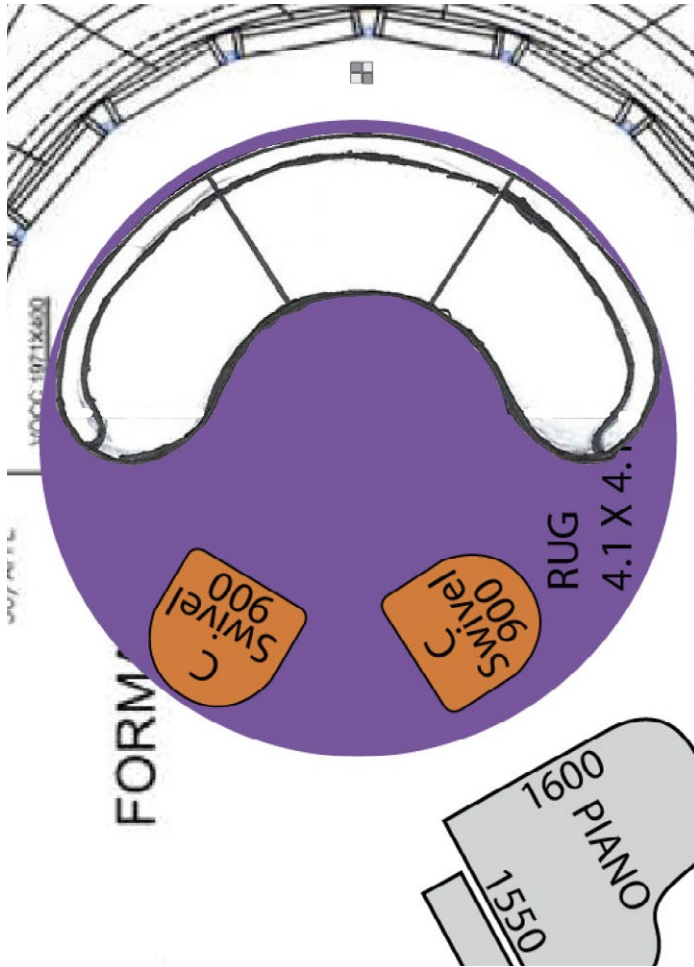

Explore the Unique Process

Explore the incredibly meticulous process of designing and hand crafting this large curved sofa . Completely designed and made to fit within a curved bay window. Finished in a luxurious combination of plain and textured velvets with feature scatter cushions in geometric shapes.

Personally Tailored

Mark Alexander Design Artistry never compromises on materials or the quality of our work, we take the time to individually plan, craft and delivery each sofa so that nothing but the best results are achieved each and every time.

For Any Home, Any Where

Our sofas, lounges and modular are all unique and adapted to suit the client and their home, whether you own a city apartment, large home or anything in between, you will never be let down by our designs and craftsmanship.
